

Dear All,

I just wanted to thank you for all your hard work over Easter. Having listened to the choir for some 14 Easters I really believe that your beautiful singing and music made this Easter extra special not only for me but the whole congregation, I am sure they appreciated every note sung and music played - just wish you could have heard yourselves like we did. The Sacred Heart is very lucky to have you at Easter and throughout the year - Sunday worship just wouldn't be the same without you.

With fondest love,

Val
